Mentor summary

Ideal mentees
 People who are looking to go into any form of public relations, public affairs, marketing or communications role. I think I could also support anyone wishing to pursue a career in a public sector organisation; political campaigning (across the political spectrum); trade unions or campaigning. Given my professional qualifications I would like to think I could offer advice to anyone seeking to compliment they academic qualifications with professional body study.

I would however be open to supporting anyone who feels they could benefit from getting in touch for any advice.

I am currently heading up the public affairs, public relations and policy work for the National Union of Teachers in Wales.

Previous to this I was the senior communications officer running the media work for Plaid Cymru at the National Assembly for Wales.
